Surendar B

Python Developer | AI & Cloud Enthusiast

suramaxi92@gmail.com | +91 90428 41285 | github.com/suramaxi92 | linkedin.com/in/surendar92

SUMMARY

Information Technology undergraduate passionate about building intelligent applications with Python, AI, and cloud technologies. Experienced in developing full-stack projects using Django, Flask, and FastAPI with LLM integration. Seeking opportunities to contribute to innovative projects while growing as a software professional.

EDUCATION

B.Tech in Information Technology

Dr. M.G.R. Educational and Research Institute, Chennai | 2023 – 2027 (Expected) | CGPA: 8.01/10.0

Higher Secondary Education (12th)

Dhanalakshmi Higher Secondary School | 2023 | 78%

SKILLS

Languages: Python, Java, SQL, JavaScript

Backend: Django, Flask, FastAPI, Node.js

AI/ML: Generative AI, LLM APIs, RAG, Prompt Engineering

Frontend: HTML5, CSS3, React, Bootstrap

Databases: MySQL, SQLite, SQLAlchemy

Tools: Git, GitHub, VS Code, Power BI, Docker (Learning)

PROJECTS

YouTube Learning Companion | *JavaScript, Chrome APIs, Flask, LLM, RAG*

- Chrome extension that transforms video watching into active learning with AI-powered notes and quizzes
- Implemented RAG to answer questions directly from lecture content
- Built dashboard for tracking topics, history, and productivity analytics

AI-Powered Invoice Audit System | *React, FastAPI, SQLite, SQLAlchemy, LLM*

- Automates financial verification using OCR and AI to identify invoice discrepancies
- Implemented explainable AI for discrepancy detection, reducing manual audit time by 70%

AI Interview Simulator | *Node.js, AI/LLM, JavaScript, REST APIs*

- Web app simulating technical interviews with dynamic AI question generation
- Real-time response evaluation with personalized feedback system

LEADERSHIP & ACHIEVEMENTS

- CSI Club President – Leading Computer Society of India student chapter, organizing technical events
- 1st Prize, Debugging Contest – Alpha Engineering College inter-college competition
- Active open-source contributor and hackathon participant

CERTIFICATIONS

Python for AI/ML – NPTEL-SWAYAM • Django Framework – Coursera • RedHat System Administration – RedHat

INTERESTS

Cloud computing, AI/ML advancements, open source, problem-solving, turning simple projects into complex ones
